Mr. and Mrs. Poirier:

Re: Provo River Distribution System
Account No. 43-80

Jamie Ward informed us September 11, 1996 that you own water right 55-11063, which is regulated under the Provo River Distribution System. The distribution account which is associated with this water right is 43-80 and our records show the previous owner was Jamie Ward. We are enclosing, therefore, the 1996 assessment notice for the above mentioned water right.

The distribution system is regulated by the State Engineer under authority of Section 73-5-1, Utah Code Annotated, 1953, as amended to insure orderly distribution of water based on water rights. A budget is set and assessments are made each year to meet the expenses of the distribution system including the commissioner's salary. The budget and assessments are set by the water users at the annual distribution meeting with the State Engineer. If assessments are not paid by June 1st a delinquent penalty of 10% is added. An additional delinquent penalty of 1% is added to unpaid assessments beginning July 1, thru January 1, of the coming year.

If you have any questions, please either call Commissioner, Stan Roberts at (801) 224-1797 or Jim Riley, Salt Lake Regional Engineer at (801) 538-7400 or myself at 538-7381.

Sincerely,

Bonnie D. Duncan, Secretary
for Distribution
